"I can't think of a better way to not only see the countryside of Ireland, but also embrace the culture, food and people through music and the winsome personality of Miss Tara O'Grady and her Black Velvet Band."

J. Hewitt

- Friendly driver Matt chauffeurs us around the Emerald Isle during high season - from airport to hotels to cliffs to seascides, castles and city centers in search of 40 shades of green. The sun doesn't set in Ireland during the summer until close to 11pm. So be prepared for extended enchanting days and magical nights.
- 3 luxuriously delicious nights in Harvey's Point Hotel and Spa on the beautiful lake Lough Eske in Donegal where my mother was born. www.harveyspoint.com
- Hike up Slieve League, Europe's highest sea cliffs, and be rewarded with tea and scones afterwards.
- Visit Glenveagh Castle where Marilyn Monroe, Clark Gable, Charlie Chaplin and Greta Garbo have all stayed surrounded by gardens and 40,000 acres of what is now a National Park filled with mountains, lakes, glens and woods complete with a herd of red deer.
- Attend the 50th anniversary of the Mary from Dungloe International Festival where I once competed as 'Miss New York' at the ripe age of 21. Lassies from as far as Australia come to compete in this seaside village every summer to represent their cities. My band will perform live on the main street where all the action happens.
- High tea in the Merchant Hotel in Belfast www.themerchanthotel.com where we will be resting our heads for 2 nights after a tour of the Titanic Museum and also a night of live music with my band in Bert's Jazz Club. Van Morrison's trumpet player is joining my band on stage!
- Explore the Giant's Causeway and the many scenic locations for the Game of Thrones tv show.
- Our first and last nights are in the Dublin area, starting with the lovely seaside village of Malahide only 15 minutes from the city center, and ending in the city center when I perform at Marcel's while you dine on the finest food. www.stephensgreenhotel.ie

You are free to explore all Dublin has to offer - Dublin Castle, Book of Kells, Temple Bar, Guinness Storehouse, museums, shopping on Grafton Street, etc.

Some travellers are interested in going to Europe or Ireland before our tour begins, or remaining afterwards to explore more on their own. Niall of Caddie Tours will help you arrange those details if you wish. He's very friendly and helpful! niall@caddietoursonline.com
